Re: Notification of Subscriber Transfer  
CC Docket No. 00-257

Dear Ms. Dortch:

Pursuant to section 64.1120(e) of the Commission's rules, 47 C.F.R. § 1120(e), local exchange carrier Central Telephone Company d/b/a Embarq and long distance carrier Embarq Communications, Inc. hereby notify the Commission of the pending transfer to Embarq of a small number of local, intraLATA toll, and interLATA toll customers of Impulse Telecom Corporation Inc. ("Impulse").

The services provided to the affected customers are residential and business local exchange and long distance services. All affected customers are located in the greater Las Vegas, Nevada metropolitan area. Because Impulse has provided its services to these customers by unbundled network elements and resale from Embarq, the services that these customers will receive from Embarq should be essentially the same as those they have received from Impulse Telecom. Customers currently receiving long distance services from long distance carriers other than Impulse Telecom will have only their local exchange services transferred to Embarq.

Copies of the notices provided by Embarq to the affected Impulse customers are attached with this letter. Although the notices attached here state that the transfer will start as early as June 5, 2008, the transfer of these customers will commence no sooner than thirty days from the date of this notice, or June 11, 2008. The transfer should be completed within approximately 30 days.

Embarq certifies that it has complied with the requirement to provide advance customer notice in accordance with section 64.1120(e)(3) of the Commission's rules and with the obligations specified for that notice, as well as all other statutory and Commission requirements applicable to this streamlined transfer process.

Respectfully submitted,

Thomas A. Grimaldi
